

GIN PANDA

PRODUIT

Panda Gin – Belgian Elegance with Asian Accents

A Belgian gin that has everything to surprise and seduce. Panda is the successful combination of European expertise and Asian inspiration. Certified 100% organic, this premium gin stands out with its original and perfectly mastered composition.

At the heart of its recipe: lychee, cherry, orange, star anise, basil, rosemary, and lemon peel, all enhanced by juniper berry. The nose is fresh, fruity, and slightly exotic—lychee adds a unique sweet and floral touch. On the palate, the balance is remarkable: a beautiful fruity roundness, enhanced by spicy and herbal notes, with a long and elegant finish.
