

CHÂTEAU DE FIEUZAL BLANC

PRODUIT

Château de Fieuzal Blanc shines with its purity and brilliance! It lives up to most of the great classified growths of its region.

Its color is pale with silver or green highlights.

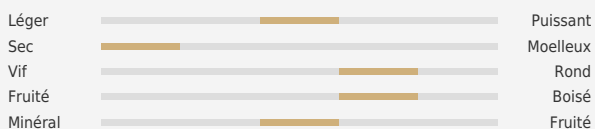

The nose opens with fresh citrus fruits (lemon, grapefruit), white flowers, peach, or pear, with a slight herbaceous or mineral touch.

On the palate, the attack is lively and precise, driven by the Sauvignon Blanc, while the Sémillon brings roundness and body.

The wine has a balanced texture, with freshness, beautiful tension, and a saline and mineral finish that prolongs the pleasure.

This white shows great promise; enjoy it young for its brilliance or let it evolve to reveal its nuances.
