

RIESLING "HUGEL" SÉLECTION GRAINS NOBLES 0,375 L

PRODUIT

The Riesling Hugel Sélection de Grains Nobles is an exceptional cuvée, produced only in the most favorable years, from grapes affected by noble rot and harvested berry by berry. This rare wine offers a unique expression of Riesling, combining aromatic intensity, precision, and great nobility. The nose reveals complex notes of candied lemon, ripe yellow fruits, beeswax, honey, and wet stone. On the palate, the liqueur is deep and refined, with a lively acidity that perfectly balances the natural richness and extends the finish with energy and elegance. This is a great wine for aging and gastronomy, ideal with foie gras, sweet and savory dishes, or citrus desserts, but also remarkable when enjoyed neat.
