

CHÂTEAU LA MISSION HAUT BRION

PRODUIT

The 2019 La Mission Haut-Brion is distinguished by its deep, almost black, garnet color and great density.

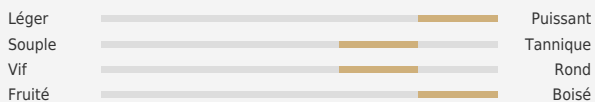

The nose opens with a rich bouquet of ripe black fruits—blackberry, blackcurrant, plum—enhanced by notes of violet, sandalwood, graphite, and subtle smoke.

On the palate, it is powerful and structured, with fine, ripe yet firm tannins, offering a velvety texture. The balancing acidity ensures remarkable freshness, supporting the generous body.

The finish is long, expressive, and mouthwatering, marked by the terroir's minerality, sweet spices, and fruit that lingers for a long time.

A majestic wine for aging, ready to evolve over 15-25 years, but already impressive in its youth.

PROFIL GUSTATIF

NOTATIONS

Parker : 98/100
