

CHÂTEAU HAUT-BRION

PRODUIT

The 2019 Haut-Brion is a poem between strength and finesse: at first glance, the garnet-purple color captures the light, dense and dark like precious velvet.

The aromatic bouquet slowly awakens, with notes of ripe red and black fruits (blackberry, blackcurrant, black cherry), enriched with noble spices, cedar, a smoky veil, and graphite—a scent of mystery that enchants the senses.

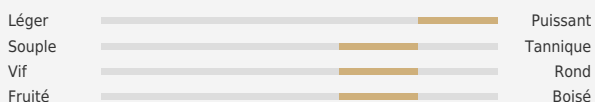

On the palate, it is nobility incarnate: the body is rich, vibrant, and full of life; the fine, perfectly integrated tannins give a silky, elegant texture.

The internal freshness plays a crucial role, keeping the power in check, ensuring a tension that elevates the wine above opulence.

The finish, of astonishing length, unfurls echoes of fruit, spice, and minerality in the air—a register that inspires respect and admiration.

The 2019 is already incredible, but what awaits it in the cellar makes it almost legendary.
