

CHÂTEAU LA MISSION HAUT BRION

PRODUIT

The 2016 Château La Mission Haut-Brion embodies the grandeur of an exceptional vintage and the mastery of a legendary estate.

This wine is all about balance and intensity.

The color is black, brilliant, and intense.

The nose is captivating, complex, and deep: blackcurrant, blackberry, and candied black cherry, enhanced by notes of blond tobacco, licorice, violet, graphite, and incense.
An almost mystical bouquet, reflecting the place.

On the palate, the texture is sumptuous: the attack is full-bodied and velvety, giving way to a fine yet powerful tannic structure.

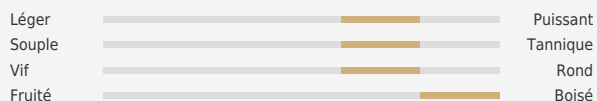

The structure is of rare precision, with perfectly ripe fruit, remarkable internal freshness, and infinite length.

This 2016 is a model of harmony, blending density and lightness, generosity and restraint, with a persistent, noble, and distinguished finish.

A wine with great aging potential, capable of lasting for decades, but which already reveals a striking depth and brilliance today.

An absolute icon of Pessac-Léognan.
