

## CORNAS "DOMAINE SAINT PIERRE"

### PRODUIT

Located on the heights of Cornas, Domaine de Saint Pierre benefits from a remarkable south-facing terroir, forming a natural amphitheater that protects the vines from the north winds. The plots, covering 3.9 hectares, are planted on highly decomposed granite soils, mixed with limestone and silt, providing ideal conditions for Syrah. This 100% Syrah cuvée reveals a complex nose of ripe black fruits, violet, black olive, and smoky notes, typical of this steep terroir. On the palate, the wine seduces with its controlled power, dense texture, and fine tannins, with a long, balanced finish. A wine of character and aging potential, it pairs wonderfully with red meats, game, and intensely flavored stews.
