

ARREBATACAPAS

PRODUIT

Grown at altitude on the stony soils of Cebreros, this organic wine embodies the pure expression of mountain Grenache. The nose charms with its aromas of vibrant red fruits, wild thyme, and warm stone. The palate is fine, taut, and remarkably precise, supported by a vibrant mineral energy. The natural, unpretentious vinification lets the truth of the terroir speak for itself. A meditative wine, perfect with a rack of pink lamb or grilled vegetables with herbs.
