

PEGASO PIZARRA

PRODUIT

This wine comes from the black schist soils of Cebrenos, which give the Grenache a unique depth and intensity. The bouquet combines black fruits, sweet spices, and smoky notes characteristic of Pizarra. On the palate, the structure is ample and vibrant, supported by a persistent mineral freshness. The long aging in neutral barrels adds complexity and elegance. Enjoy with a mature rib-eye steak, lamb stew, or mature cheeses.

PROFIL GUSTATIF

NOTATIONS

Robert Parker : 95/100
