

CHÂTEAU BEAUREGARD

PRODUIT

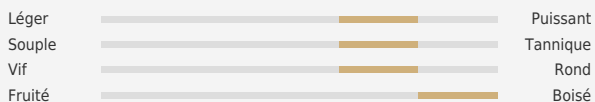

The 2021 Château Beauregard is a remarkable expression of the Pomerol style: balanced, fleshy, and elegantly structured. The oak is well integrated, and the aging in new barrels brings toasted and spicy notes without masking the fruit. This wine offers a beautiful balance between power and finesse, supported by just the right acidity that preserves freshness and energy.

Nose: Expressive aromas of black fruits (blackberry, black cherry), accompanied by floral notes (violet, iris), licorice, chocolate, and a slight mint note. The overall finish is distinguished and reveals a beautiful aromatic depth.

Palate: Smooth attack, velvety texture, but also very lively. The tannins are dense, precise, and well-rounded, yielding generous flesh without heaviness. The fruit remains pure and juicy, and the freshness on the finish prolongs the pleasure. Notes of ripe black fruit, sweet spices, and subtly toasted oak, with a long, elegant, slightly iodized/saline finish.

A wine for aging, which can be enjoyed now but promises to evolve beautifully in the years to come.

PROFIL GUSTATIF
