

CHÂTEAU CARBONNIEUX

PRODUIT

Château Carbonnieux's red wine is distinguished by its elegant character and classic structure.

It has a deep, dark color, often with purple highlights in its youth.

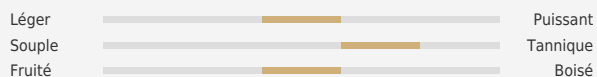

On the nose, aromas of ripe black fruits—blackcurrant, blackberry—combine with notes of cedar, blond tobacco, and a hint of smoke or graphite depending on the vintage.

On the palate, it offers a beautiful, well-integrated tannic presence, with body but not heaviness, and an acidity that ensures liveliness and tension.

The finish is long and complex, with black fruits, spices, and subtle woody nuances.

This red is made for aging (10-15 years depending on the vintage), but can already delight after decanting recent vintages.

PROFIL GUSTATIF
